About Us

VG Group is an ever-evolving, Caribbean-based, “space design, construct and renovate” conglomerate that was conceptualised from our unyielding desire to harmonize man with his surroundings, through customized beautification and eco-friendly methodologies.

We offer a diverse range of services to both residential and commercial clients.

These

services are offered through our various divisions, namely; VG Construction, VG Landscape, VG Pools and Spa, VG Realty and VG Stores.

Formulated from our unmatched desire to delight our clients, we couple our technical skills and capabilities with quality workmanship, competitive pricing and superior service delivery, without compromise to our ethical, health, safety, environmental and statutory obligations.

Our attention to detail is second to none as we continue to be committed to “Connecting you with nature’ & Exceeding your Expectations!”

VG Group Company Profile

OUR VISION

To continually divest, diversify, innovate, recycle, and expand services in construction and holistic space management, incorporating environmentally friendly methodologies, accentuated by comfort and style.

OUR MISSION

Guided by our mantra “Exceeding your expectations”; Connecting You with Nature” at VG Group, our ultimate task is to connect clients to the ecological environment of their residential and commercial spaces. Beyond that, “Always Doing It Green” means, no matter what project we are engaged with, we are committed to encouraging the greening of our constructed spaces by incorporating environmentally friendly methodologies.

OUR CORE VALUES

- ▶ Ecological and environmental conservation and prioritization
- ▶ Quality service without compromise
- ▶ Fair and honest business practices
- ▶ On time delivery
- ▶ Retention of expert capabilities in our human resources while ensuring their ultimate growth and development

OUR STRATEGIES

VG Group's operational strategies are anchored in past successes of expanding, diversifying and developing individual entities based on integrated operations that complement each other.

OUR CODE OF ETHICS

The integrity of the VG Group and the interests of all our clients must exceed personal agendas. We ensure that our quality is never compromised as we operate within the necessary constraints of the law.

Our clients and employees must always be awarded unprejudiced treatment. Discrimination and harassment of any kind, whether based on age, gender, nationality, disability, political affiliation and religious and/or cultural practices will, under no circumstances, be tolerated.

The VG Group is obligated to offer fair competition within the various sectors in which we operate and always display mutual respect for our fellow professionals.

OUR ENVIRONMENT AND SAFETY PHILOSOPHY

VG Group regards it as our duty to take a sense of pride in the surroundings in which our company operates. We must all identify the significant role the environment plays in our lives while remaining cognizant of our corporate and human responsibilities.

We at VG Group are adamant about the use of environmentally friendly products to ensure safety, and the overall health of our surroundings, ourselves and our clients. As such, all our staff adhere to strict guidelines outlined by OSHA and safety equipment is worn at all times. We also ensure all work being carried out is cordoned off to ensure safety of our customers.

Our persistent efforts to safeguard our environment remain ingenious and will be unscathed in the changing trends of the industries in which we operate.

OUR CORPORATE SOCIAL RESPONSIBILITY

At VG Group we pride ourselves in affirming our Corporate Social Responsibility by identifying areas of concern and initiatives to improve relations with the people and environments affected by our business operations beyond mere compliance with legislation.

OUR FUTURE

VG Group envisions unrivalled success in quality and sustainability in all services offered under the group. As the company journeys ahead, it will remain focused on high quality, safety, aesthetic appeal and functionality, and our clients' well-being.

Our company assures the continuance of the synergy of innovation and excellent production. Our future is heavily dependent on our ability to capture new opportunities for profitable growth. As such, our strategies are:

-  To outweigh all other contenders by utilizing the latest trends, technologies, equipment and tools in the respective industries.
-  To focus on the needs of every customer, ensuring that we exceed their expectations and provide them with an overwhelming sense of contentment.
-  To maximize operational success.
-  To ensure the employment of environmentally safe techniques.

OUR PRINCIPALS

Mr. Lambert Nevins – Group Executive Chairman

Mr. Nevins, a Jamaican national, now residing in Trinidad, is a Caribbean entrepreneur, with over 15 years' experience in project management and consultation, in the areas of general construction, landscaping and ornamental horticulture and facilities management. Over this period, he has successfully planned, managed and executed several major construction and landscaping projects, both within the private sector and governmental organizations including UDECOTT, Sandals, Heritage Petroleum and many more.

Mr. Nevins championed, from humble beginnings, the birth of Pro Virogreen Landcare, after he relocated to Trinidad. Today, the VG Group incorporates all his areas of interests and passions as it relates to land and environmental matters and beautification. His dream and vision for the company is to evolve the Group's divisions into stand-alone subsidiaries, expanding and integrating to areas that complement the company's historic origins and operations.

OUR PRINCIPALS

Ms. Viah Collins- Executive Director

Since 2019 Ms. Collins has been using her creativity, strategic vision and excellent capabilities in business management to enhance operations at the VG Group where she functions as the Executive Officer. Upon assuming her position, she was charged with the major task of overhauling the company's structure to reduce redundancy and jump-start workers' efficiency, to make the company profitable and sustainable.

As the Executive Director, Ms. Collins was able to utilize her project management skills and knowledge to assist in achieving the company's goals by introducing effective systems and accountability to ensure timely delivery of services.

With over a decade of executive management experience, Ms. Collins brings exceptional operational insight to streamline VG Group and its subsidiaries.

Prior to her position at VG Group, Ms Collins held the position of office manager at a government institution, where she was responsible for overseeing office systems and administrative operations

where she gained great experience and was able to further develop her professional skills and confidence.

Thus far, Ms. Collins has been able to successfully achieve her goals and is always looking for new strategies and systems to improve production. Ms. Collins is a certified project manager and holder of a MBA.

OUR PRINCIPALS

Mr. Hugh Buchanan Executive Director

Mr. Hugh Buchanan, an accomplished Executive Director at VG Group, possesses nearly two decades of diverse expertise encompassing roles as a Developer, Financial Advisor, Teacher, and Politician. His extensive background includes noteworthy contributions in Teaching, Coaching, Public Service, and Financial Advice. Widely recognized for his adaptability, reliability, and proficiency in challenging environments, Mr. Buchanan has made a lasting impact on both academia and politics.

Having served as a Lecturer and Acting Director of Sports at Moneague College, a Member of Parliament, and a Board Member at ParlAmericas, he exemplifies multifaceted leadership. Originating from a foundation in education and sports coaching at Black River High School, Buchanan's unwavering commitment to excellence is evident in his comprehensive approach to training, preparing the younger generation for professional and skill-based careers..

Committees of Parliament on which Mr. Buchanan served include Public Accounts Committee, Ethics Committee, Internal and External Affairs Committee and Human Resource Committee. His dynamic experience positions VG Group as a construction industry leader across the Caribbean.

OUR PRINCIPALS

Mr. Raan Motilall Director

Raan is currently a Partner at a local chartered accounting firm in Guyana. He has a wide range of experience in accounting, auditing, taxation, payroll and consultancy. His experience spans the last 10 years and have served various clients in the private, public and not for profit sectors involved in mining, oil and gas, manufacturing, services, construction and airlines.

Raan was a previous Lecture at a leading accounting school in Guyana lecturing in Financial Management and Cost Accounting at various professional levels. He also is a registered project mentor for the Oxford Brookes University/ACCA collaborated Degree in Accounting.

He also currently serves on the Council of the Institute of Chartered Accountants of Guyana as the Secretary. The Institute is responsible for the regulation and management of the accountancy profession in Guyana.

His educational profile is shown below:-

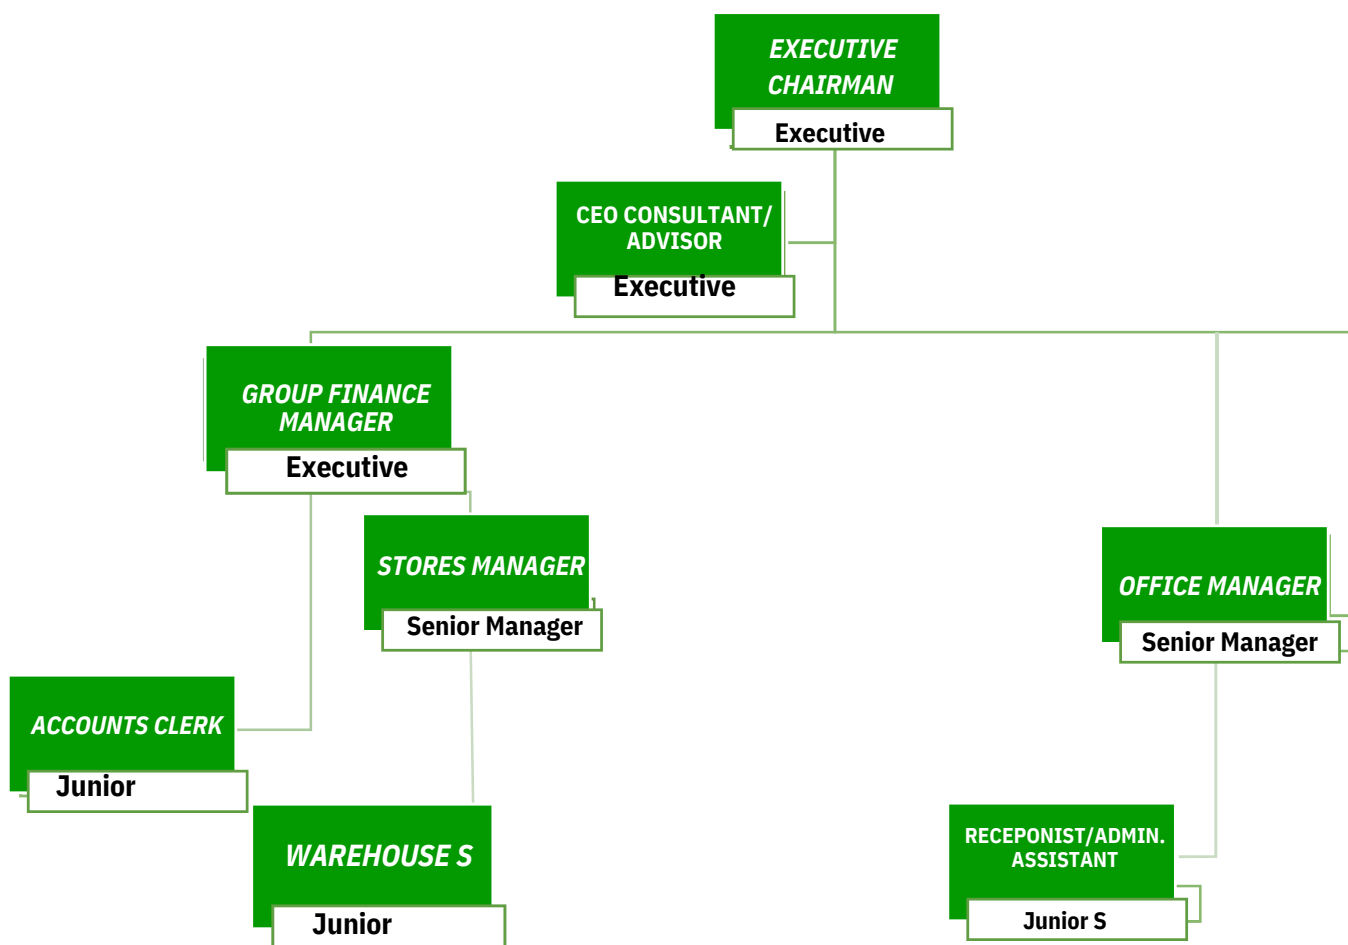

- Fellow Association of Chartered Certified Accountants Accountants - UK.
- Member of the Chartered General Accounts of Canada (now Chartered Professional Accountants of British Columbia)

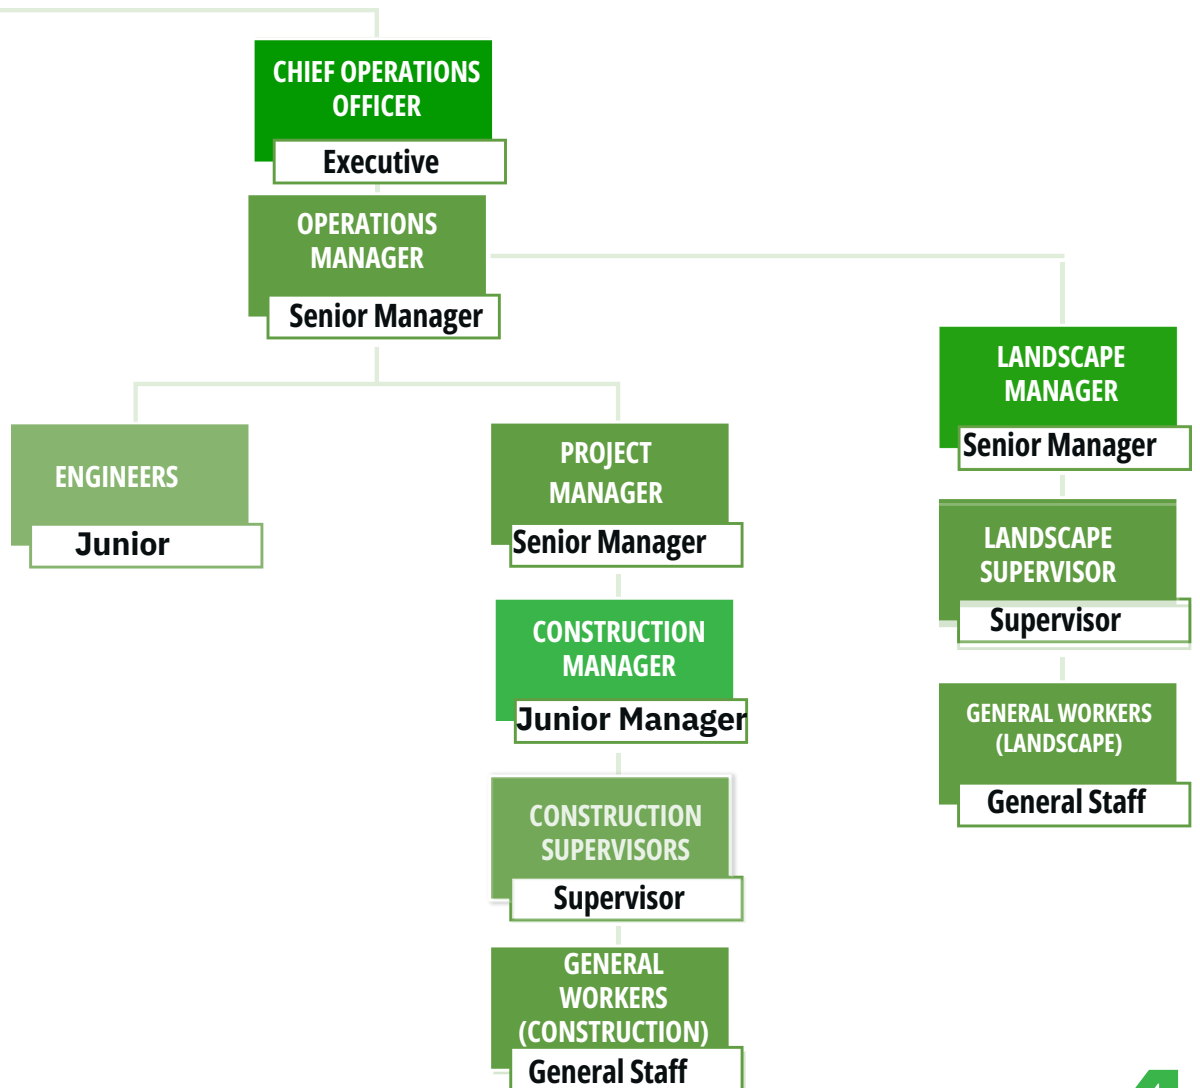

- Masters Degree in Professional Accountancy - University of London.
- Bachelors of Science (Hons) in Applied Accounting - Oxford Brookes University.

During Raan's educational journey in becoming an ACCA member, he scored individually highest exam scores in the Caribbean four times. He was also the second graduating Caribbean Student and first for Guyana.

FULL ORGANIZATIONAL STRUCTURE

FULL ORGANIZATIONAL STRUCTURE

VG GROUP MILESTONES

Created
by Lambert Nevins, a
Jamaican national who came to
Trinidad as an Agriculturist/Ornamental
Horticulturalist/Landscaper, Pro Virogreen Landcare
was established in 2012. This company, which humbly
started as primarily a residential landscaping service
company, quickly grew to include public sector clients, providing
facilities management for both residences and public offices.

Magnanimous revenue growth between 2012 and 2015 was realized by
strategically honing the capabilities of twenty-five full time and fifteen
part-time staff members. Pro Virogreen's portfolio comprised Swimming
Pools and Spas, Landscaping, and Construction with landscaping jobs
leading the way in terms of market preference and performance. The
company's mission was to create holistic outdoor living spaces that
included swimming pools, gazebos, decks, and entertainment rooms.

As time progressed, the public sector market declined and
significantly affected the landscaping aspect of its portfolio.
The company saw this as an opportunity to further develop
the residential swimming pools market and realised great
success as a result.

2012 - 2015

VG GROUP MILESTONES

One year later, in 2019, VG Group was formed with the realization that there was a demand for reliable and trustworthy, general construction services, especially within the residential market. Further, realizing the success of diversification and separation of operations based on market needs and preferences, management replicated the approach, resulting in the formation of the VG Group.

While initially VG Group was formed to manage the construction portfolio, after further exploration, leadership determined that it was more effective to place the various offerings of the company under one umbrella. In essence, each group of services was created as its own Division under the VG Group as VG Construction, VG Landscape and VG Pools and Spa.

Management's focus continued to remain on integrating services that related directly to home construction, management and residential services. Hence, in 2021, VG Group added VG Realty which engages in listing properties for rent and sale. Further, adopting a backward integration strategy, VG Stores was born as an online warehouse stock of construction inputs available to VG Construction and other contractors.

2019- 2021

2018

Public perception held that landscaping and swimming pools were mutually exclusive, as skillsets required for both were very different and could not be held by one company. As such, growth was hampered. Once again, the company divested and separated portfolios, which led to the formation of GoTo Pools and Spa in 2018. Almost immediately, GoTo Pools and Spa saw a significant increase in contracts.

Our Brand and Outlook

VG Group offers its clientele a distinctive range of services formulated from our unmatched quality of service and a philosophy to not cut corners. VG Group is pleased to offer a concierge of services, hallmarked by excellence, superior quality and timely delivery, complimented by our advocacy of conservation, preservation, health, and stewardship of the environment.

Our mantra “Always doing it green; Connecting you with nature” ensures we adhere to the Group’s highest aspiration and objective, while providing our clients with the option of adhering to the highest green protocols and innovations, allocated for within their budget.

At VG Group, our ultimate task is to connect clients to the ecological environment of their residential and commercial spaces.

Beyond that, “Always Doing It Green” means, no matter what project we are engaged with, we are committed to encouraging the greening of our constructed spaces by incorporating environmentally friendly methodologies.

VG Group’s vision is to continually divest, diversify, innovate, recycle, and expand services in construction and holistic space management incorporating environmentally friendly methodologies, accentuated by comfort and style.

VG Group’s focus is to continue to expand into other areas that will amplify VG Realty and VG Stores, as well as other services, products and ideas.

Our Partnerships

fully executing our mission to integrate higher value products & services under VG Group umbrella, we readily consider all opportunities to strategically partner with diverse suppliers/contractors that will enable us to give our customers the best solutions at the best value for money.

ENGINEERING

VG ENGINEERING

About Us

Whether you are embarking on a large-scale infrastructure project or a bespoke construction venture, trust VG Group's Engineering Department to deliver unparalleled expertise and reliability. We are the driving force behind the successful completion of your construction vision.

CONSTRUCTION

VG CONSTRUCTION

About Us

VG Construction focuses on design, development and renovation of residential and commercial construction projects. We cater to our client's specific wants and needs while remaining competitive and providing affordable and achievable options.

VG Construction remains relevant in its designs, construction techniques, products and quality, ensuring that each client is given a modern yet timeless finish to their general construction project. Our team of professionals remain aware of changing trends by conducting research to guarantee customer satisfaction.

SERVICES:

VG Construction is determined to provide cutting edge technology and engineering at cost effective rates that are flexible to meet clients' needs and budget. We assess the project to establish a solid foundation, conduct site evaluations, develop estimates and assist with acquiring approvals. All of our services are catered specifically to the customer's needs, ensuring we provide them with a project that they are comfortable and satisfied with.

VG Construction offers a diverse range of services to our residential and commercial clients from:

A) PRECONSTRUCTION SERVICES

(i) Project Assessment – Our goal is to generate appropriate information so that the overall project is well understood by all involved with the project. This is to ensure solid relationship building for the project.

- ▶ Create a project based on the needs and expectations of our clients, including the conceptual size, appearance and material quality of building.
- ▶ Create abstract floor plans and designs to cater to the client's vision.
- ▶ Organize the inclusion of project team members. (E.g. design consultants and inspectors).

(ii) Site Evaluation – It is our ultimate goal to ensure that the site conforms to the requirements of the project without unnecessary costs or future surprises.

- ▶ Create a thorough site master plan.
- ▶ Ensure that the land is viable for building, while confirming that the foundation design is feasible.
- ▶ Appraise the capacity of the current infrastructure, site and projected routing.

(iii) Assistance With Acquiring Approvals – Our Company’s experience with gaining approvals is a valuable asset to fulfilling the client’s vision.

- ▶ Organize for approval of design to architectural control committees as well as building permits and site plan approvals (e.g. Town and Country Approvals).
- ▶ Facilitation of attaining permits from utility providers.

(iv) Assessment of Engineering – The scope of the work is assessed to ensure that it is in compliance with the budget, which is developed from past experience.

- ▶ Formulate a comprehensive estimate of the conceptualized project by examining conceptual estimate vs. budget requests.
- ▶ Ensure that alternative solutions are provided in relation to cost, scheduling and quality impact.

(v) Cost Management–An overall evaluation of the scope of works and cost is conducted to ensure that the budget is accurate before the finalization of the design.

- ▶ Develop a lump sum project cost.
- ▶ Thoroughly evaluate the cost estimate with design team and project experts.
- ▶ If necessary, employ the assistance of subcontractors.
- ▶ Create final project cost estimate.
- ▶ Convey cash flow management plan to client.

(vi) Forecasting – The forecasting of the entire project is provided to the client from foundation to finish. This is done by ascertaining key milestones, which is utilized throughout the project and aids in motivating us towards project completion in a controlled and scheduled manner.

- ▶ The overall design and construction activities including approval milestones are well-defined.
- ▶ A projected sequencing plan is provided.

(vii) Safety – A safety plan is implemented to ensure that the safety of every worker on the site is being considered, imposed and fulfilled.

- ▶ Verification and compliance with local regulations are adhered to.
- ▶ A project detailed safety plan is provided.
- ▶ Subcontractors and site visitors are mandated to adhere to safety plan.
- ▶ Continuous safety monitoring is provided to ensure implementation.

B) DESIGN & INSTALLATION OF RESIDENTIAL & COMMERCIAL BUILDINGS

List of services provided:

- ▶ Building/Floor Plan design
- ▶ Foundations
- ▶ Reinforcement
- ▶ Roofing
- ▶ Tiling
- ▶ Tying walls to structure
- ▶ Wells, septic tanks, plumbing

The VG Construction Brand

The VG Construction brand is built on the premise of providing superior quality, a highly skilled workforce, competitive pricing and completing work within budget and timelines.

We are guided by always providing workmanship and customer service that maintains the highest level of professionalism, honesty and fairness, as we build and maintain our relationships with our customers, employees and vendors.

As a brand, we endeavour to grow by continually providing useful and significant products, services, and solutions to markets we already serve – and to expand into new areas that build on our competencies and customer interests.

VG

LANDSCAPE

VG LANDSCAPE

About Us

VG Landscape was conceptualized from the unyielding desire to harmonize man with his surroundings through customized beautification and eco-friendly methodologies.

At VG Landscape, we combine industry-leading services with customer satisfaction and quality service as our #1 goal. VG Landscape has established itself as an avid supporter of the global “green” movement. We advocate the conservation, preservation and the health of our environment by employing only the necessary technology and techniques that positively impact our natural resources and the environment around us.

Promoting a healthy ambience and a happy clientele is the crux of our business. VG Landscape thrives on its innovative designs and absolute dedication to the timely and efficient delivery of our product. Our range of Landscaping Services are provided for both residential and commercial properties.

The VG Pools & Spa Brand

The VG Pools and Spa brand is the ultimate in luxurious living. Our promise is to provide our clients with a beautiful pool/ spa experience where they can lounge, play or entertain with leisure and pride, all while enjoying being connected to their natural environment with the assurance of safe, reliable support and maintenance of their facilities.

VG REALTY

About Us

VG Realty is an established and reputable, full-service real estate division of VG Group Limited. We provide exceptional services with honesty and integrity, to a diverse portfolio of clients, looking for residential and commercial rental, sales and property management in Trinidad & Tobago.

VG Realty ensures that the operational and financial performance of the property is our #1 priority.

We boast premium customer service as we continue to maintain a positive outlook and attitude through the process. This is all done through customizations to suit our client's needs, ensuring there is effective communication amongst all parties.

VG Realty specializes in the acquisition, sale and maintenance of any property, specific to our clients' requirements.

VG Group Limited understands that many residential, commercial, corporate and retail establishments require facility maintenance services from time to time but may not have the resources for full-time staff. To address this increasing demand, VG Group has qualified and experienced in-house techs, plus, an extensive pool of resources and subcontractors to attend to our client's individual needs.

Our team ensures that facilities, buildings and grounds receive quality attention, which is enhanced through partnerships with efficient and reliable specialists. Our maintenance services include:

- ▶ Building Maintenance and Repairs
- ▶ Renovation and General Improvement Services
- ▶ General Repair
- ▶ Repair/ Replacement of Facility Assets
- ▶ Janitorial services (pressure washing, waste removal, carpet care, etc.)

SERVICES:

SALES

We provide exceptional services to a diverse portfolio of clients looking for residential and commercial rental, sales and property management in Trinidad & Tobago.

We are responsible for the acquisition and provision of real property through:

- ▶ Consultation
- ▶ Pricing
- ▶ Marketing
- ▶ Schedule Viewings
- ▶ Paper work
- ▶ Inspections
- ▶ Closing

MAINTENANCE

In addition to the provision of real estate, we ensure that the property is managed at the highest potential, providing general and preventative maintenance for its property.

The VG Realty Brand

The VG Realty promise is to provide the highest level of Real Estate representation and support that we can, while working as Buyer and Seller agents to provide the most value, by interacting professionally and proficiently with the people we serve. Our team is always learning, growing and collaborating to improve our skills and service levels, as we continually reinvent processes using innovative technology and ecological solutions to support excellent service.

VG STORES

About Us

VG Stores provides all major building needs in Trinidad and Tobago. Since we have an undeniable understanding of the industry, and source only the best for our clients in the Construction Division, we also want to supply major hardware needs from cement and bricks, to steel and much more to external customers.

We take orders from interested individuals or contractors, and ensure that we provide the best prices that will suit their budget. Our warehouse is stocked with high quality materials that we utilize for our own projects, demonstrating the standard by which we operate. VG Group Limited offers the best!

SERVICES:

► SPECIAL ORDERS

If we do not have a specific product available in the warehouse, customers can place an order with us and we will be willing to source the items, looking for the best price on the market, at the best quality.

► FREE QUOTES

We are willing to develop a quotation for customers based on the items they wish to purchase, ensuring that they get the best price that is suited for their budget.

► PRODUCTS

We specialize in providing materials that are essential in construction projects. Our products range from Grade A blocks, Cement (Premium and Eco), Steel, Lumber, Doors and more.

We are a team of experienced contractors and project managers, who will ensure that all our products are of the highest quality!

The VG Stores Brand

The VG Stores brand aims to deliver the highest level of service, the broadest selection of products and the most competitive prices. We are a values-driven company focused on making customers' home improvement and building processes enjoyable, exciting, and most importantly successful. We are driven by high ethics in business, believe in strong relationships and enjoy taking care of our customers with superior service so they have the assurance of long-lasting trust and prosperity.

TESTIMONIALS

VG Group is truly an amazing team of hardworking professionals. The managers are very flexible and always go the extra miles. I am very please with my new home.

-Jade Williams

Lovely work of landscaping. This company's work stands out.

-Gareth Pollard

A company that goes beyond its limits to deliver and make the customer happy, never will you find that they only give you what the contract has, it's always more for the same price, also very friendly and trustworthy staff. I recommend GOTO Pools & Spa, 100%.

-Ameel Mohammed

Our home is approximately one month away from completion. Just as everything in life, you would experience challenges, but Nevin has been there every step of the way reassuring, answering my many questions, and providing assistance, clarification and suggestions when needed. I love and appreciate all the updates I get in the form of pictures and videos. Such a blessing to go through the construction of my home with such a great team.

If you are looking for a hardworking, dedicated, responsible construction team, VG Group is the company for you.

-Janelle Jones

My husband and I retained the VG Group to build our home. It is still in the process of being built and during this time, they keep in constant contact with us. The staff and managers send us daily updates and provide practical ideas to improve the structure and design. We would recommend their services because of their professionalism and attention to detail.

-Anushka Seesaran-Mohammed
